

## 2024 All China Nash Hash (Hong Kong)

# The T-Rex Song (G-D-G-C-D-C)

### VERSE 1:

Oh, he couldn't masturbate because his arms are too short,  
they feared him from Killpatrick down to Galway Bay Port,  
luckily he found a wife so he could have sex,  
the non-masturbating **Tyrannosaurus Rex**.

### VERSE 2:

In Hong Kong there's a Hash I heard the management say,  
I payed upfront and waited then I was on my way.  
Then I found out your shitty trail won't have any beer,  
I'm asking myself now: **What am I doing here?**

### VERSE 3:

One week ago I surfed the web because I was bored,  
I found the Nash-Hash-Page and shouted: "Oh my good Lord",  
who's coming - you have guessed it - had hilarious names,  
The 69 was **Hopeless**, **Bogan Banus** name is James.

### VERSE 4:

I scrolled a little further down to check a bit more,  
found **FFB** and **Sperm Whale** an of course **Slut Bitch Whore**,  
but **Next to Mother Fucker** made me laugh out of joy,  
cause next in the list I found **Her French Sex Toy**.

### VERSE 5:

From Shanghai to Hong Kong a bunch of Hashers came here,  
**Face Down** and **Noisy Pussy**, also **Itchy Down There**.  
To point it out some people always dress very nice,  
like **Stink Bomb**, **Master Wanker** and of course that **Spermoff Ice**.

### VERSE 6:

The neighbour Hash in Suzhou is well known for it's beer,  
but sadly only 5 of us came down to hash here,  
apparently myself got lost in texting this song,  
I need to **Liquor Up**, what could possibly go wrong?

### VERSE 7:

Some other names to mention spin around in my brain,  
Like **Thermal Dick**, and **Juicy** or **Three Inches of Pain**,  
still I am not the one to say where names do come from,  
**Full Metal Pussy**, **Pissed in Pink**, and **Double Tap Domme**.

### VERSE 8:

Whenever I think back I have to say honestly,  
a **Nash Hash** is a thing you truly must have to be,  
but be aware, we're crazy and **we're drinking a lot**,  
It might be the time now to have **another shot**.

# 2024 All China Nash Hash (Hong Kong)

*[Sombody needs to give the singer a shot now!]*

## VERSE 9:

Corona struck, a lot of Hashers running away,  
but some of us were saying that we're just gonna stay,  
**C3 Pee Holes** and **Super Squirter** found their way to here,  
for bagpipes, loads of fun and for some **proper down-down beer**.

## VERSE 10:

You want to hear the latest news and gossip around?  
Got talk to **Psycho Babble** or just don't make a sound,  
I don't know how to say what's new, that isn't my thing,  
I'm quiet as **Bitch Cassidy** or mighty **Ruby Ring**.

## VERSE 11:

Some days ago I read a chat I couldn't believe,  
on sunday, **Doggy Style** explained, that she has leave,  
then suddenly somebody shared a **Cocktail of Shame**,  
well that explains why **Dazed and Confused** is his name.

## VERSE 12:

We even have some Hashers here from far far away,  
from Switzerland and Denmark and of course from UK,  
from Scotland, South Australia or Quebec or Spain,  
**Stilett-Hoe's** gonna give you all a fair amount of pain.

## VERSE 13:

But no surprise somebody wasn't really on time,  
I cannot name those people for the actual rhyme,  
please **step into the circle now** like every year,  
I'm happy now to see you guys and **that you all are here**.

## VERSE 14:

You may be wond'ring why I brought the guitar today,  
**Guitärdded Spitler** is my name at least as they say,  
I may be out of tune and fat and lazy as fuck,  
but in the end I'm german, I'm a **Hard Working Cock**.

## VERSE 15:

Now back to Movies, TV-Shows and „Family Guy“,  
that **Nose Vibrator** really made me suffer and cry,  
**Free Willy** is another name I couldn't get wrong,  
I'm going back once more to the **Tyrannosaurus Song**:

## VERSE 16:

Oh, he couldn't masturbate because his arms are too short,  
they feared him from Killpatrick down to Galway Bay Port,  
luckily he found a wife so he could have sex,  
the non-masturbating **Tyrannosaurus Rex**.
